Bellevue, Washington—January 2015— The first Palomino opened in Seattle, Washington 25 years ago. All Palomino locations will recognize the restaurant's 25th anniversary the entire month of January by inviting guests in for exclusive anniversary specials. All January, guests can enjoy a 3 course menu based on Palomino favorites for \$25 and a 2 martini/2 starter menu for \$25.

"We are really celebrating our guests and twenty-five years of serving great people. This celebration is a thank you to all our loyal patrons who have made Palomino not only successful, but also enjoyable," said operations director Debra Hermansen.

Palomino is a vibrant "Urban Italian" restaurant, bar and rotisserie famous for its style, hardwood fired Mediterranean cooking and versatile, imaginative menu. Palomino caters to all the cravings of the city.

About Palomino.

Palomino's spirit reflects the kind of creative Mediterranean dishes you'd find in the region's cities today. There's an emphasis on quick, shareable plates: rotisserie grilled meats and seafood, thin-crust artisan pizzas baked in a brick oven and topped with house-made mozzarella, brussels sprouts and pancetta with vanilla-infused butter, even braised lamb empanadas served with tzatziki sauce and pumpkin-seed pesto. Although the chefs may experiment with recipes, they never vary their standards for ingredients, which they purchase from local or regional farmers, producers, and genies whenever possible.
